Ashlee was shy when we first met her. But when we put her in front of a camera we found this gal sizzles. A little bit angel and a little bit devil. Now that's just a great combination!

"I'm really low-key but do like to have a little naughty fun now and again. Most people who know me say I have a devilish side."

ashlee

“Do I qualify as a nasty housewife? Well, that depends. I’ve had three guys in my bed at one time. Does that qualify me?”

"I've also had a romp with four girlfriends. We had a pajama party – without the pjs. I think girls can be nastier than boys!"

Some people may be shocked by what I've done, but deep down inside I know they're turned on. If you like my beautiful blonde hair, firm young breasts and tight pussy, why don't you call me and tell me so. I'd love to hear it from you!

Abi rides 'em high

Blessed with a beautiful, tight natural body and a great personality, we met Abi through her husband, Randy. They submitted photos of her to us and we just had to rush a photographer and our editor to their awesome ranch about twenty miles outside of Austin, Texas.

We stayed for a few days due to their warm hospitality and came away with some great photographs and a provocative interview we think you will find very interesting. Ready?...

You and Randy have a great spread here. We know you are a model, but do you also work this amazing ranch?

You bet I do. I'm up at 5 am to feed the animals and do my chores. Every day that I can.

We see the "cowboy" in Randy but how did you get here?

Randy and I met at the Texas State Fair. He was showing some of his best longhorns and I was showing him my long legs.

That's cute. And he asked you out at the fair.

No, I asked him out. After he was finished exhibiting we saw the rest of the fair together. I went to visit him at the ranch a week later and we've been together ever since. I was a bit of a city girl, but I've come to love this

life and all the great animals, and people, associated with it.

Okay Abi, here it comes. What attracts you most about a man?

I like guys with personalities, big hearts, and big cocks. I know it sounds cheesy, but I do. I like men who both respect and know how to please a woman. Plus, he has to have great smile and a know how to play a good game. He also needs to have plenty of swagger and be really good in bed. Like Randy.

I like to ride 'em long and hard.
Think you can keep up with this cowgirl?
If you're over eighteen, call me now!
800-308-5347

What's something that turns you on about a man?

I'm the type of girl who needs a lot of affection and I love a man who likes the same thing. I like it when a man kisses and touches me every chance he gets. It doesn't have to be sexual; just being comforting can go a long very long way with me.

And what turns you off?

Stinky breath turns me off much quicker than a light switch. If you can't get close to his face, how can you kiss and cuddle. I'm also turned off by guys who talk and talk and talk. I talk a lot and he shouldn't talk more than me.

How do you get into the mood for great sex?

Foreplay is the number one thing. You have to put some work into it. There is no wham, bam, thank you ma'am with me. It helps if you touch me everywhere – slowly. Now that gets my juices flowing.

On a scale of ten, how would you rate your sex drive?

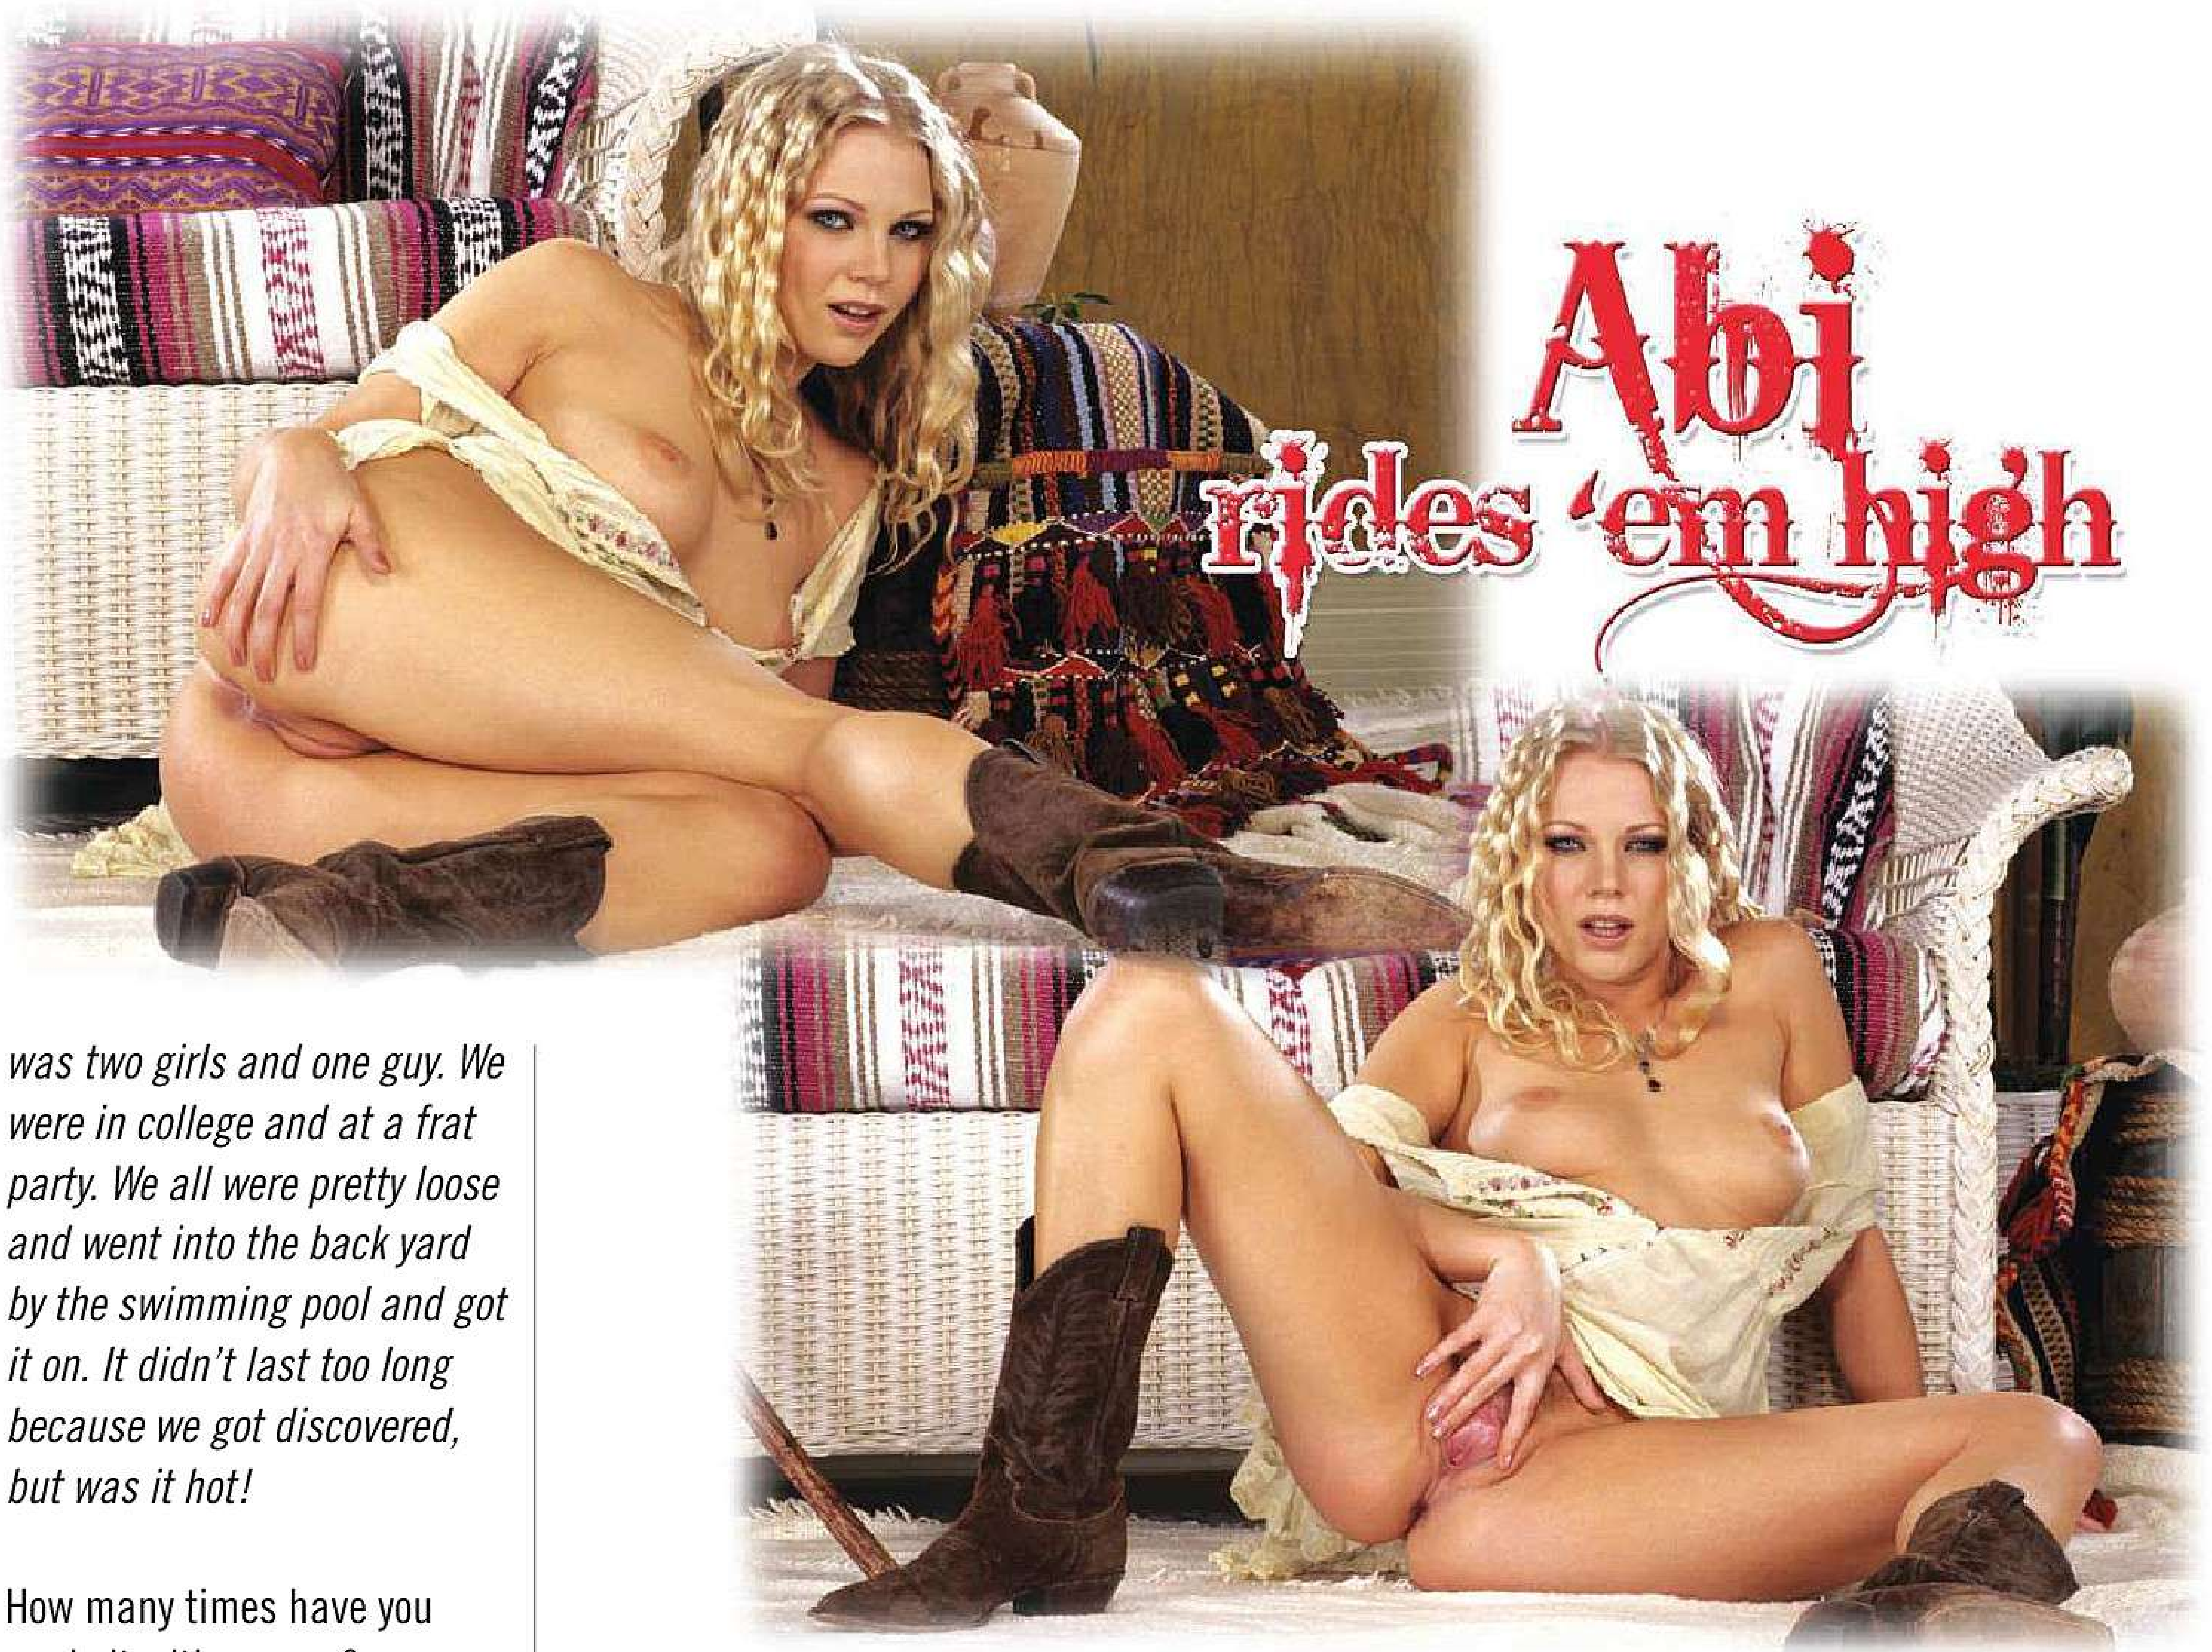
My sex drive is really, really strong. I'm 27 and in the prime of my sex drive. I think about sex a lot and need to be constantly fucking! Before Randy there were men I had to break up with because they couldn't keep up.

What's the hottest and wildest sex you've ever had?

I once had a threesome. It was

Our interview with Abi concludes on this page. Randy comes in, grabs her hand and they ride into the sunset.

Abi rides 'em high



was two girls and one guy. We were in college and at a frat party. We all were pretty loose and went into the back yard by the swimming pool and got it on. It didn't last too long because we got discovered, but was it hot!

How many times have you made it with women?

I really don't keep score, but I think it's been about six times. Women are great lovers. I plan to find one to share with Randy for his 30th birthday.

Do you consider yourself a bisexual?

Yes, I probably do. That's just how I am and I like it.

Is there anything special you do to please your man in bed?

I've been told that I'm really good at giving head. That's always been a huge turn-on for guys. My mouth is very active. I like to deep throat and I like to suck on their balls. It drives them crazy and they seem to get off better.

Are you a big fan of receiving oral sex?

I'm turned on by giving head, but I also love getting it. You have to show your man how to please you down there. Men like to rush things and I end up getting sore, but slow and easy will win my heart every single time.

Would you care to tell us where the most interesting place you've ever fucked somebody?

Well, I'll tell you it was with Randy and we did it on his saddle while riding on his horse. We were both facing forward and I was sitting on his cock as the horse trotted. It provided all the motion we needed. I grabbed the saddle horn for support and rode that cowboy for at least a mile down the trail.

What's your favorite position?

I like getting it from the back, doggie style. Men like to feel in control and this position lets them do it. They control the thrusting and the pace. Plus they like to play with my asshole at the same time.

How important is size?

If you're talking penis size, then it's somewhat important. He has to stay hard and be able to hit the right spots. If he's too big then it's hard to give a decent blow job. Just can't get it all in my mouth.

What's your ultimate fantasy?

I think I've pretty much done it all. I'm very sexual so if I want to do something or somebody, it hasn't been hard to get it or him. However, I wouldn't mind doing it on a moving train. The power, the shaking, the screaming wheels. Now that would be hot.

I just moved into my new apartment. It took almost a year of looking to find one I liked. My favorite room is the kitchen because I love to cook. And I think it's a great place to have sex because after you're done, the fridge is right there for ice cream.

Nastya

hot, young milf's kitchen adventure

I broke in this kitchen table the day I moved in. I had just split with my ex and got it on with my new boyfriend as soon as the movers left. He came within ten minutes as I sucked him dry. Then I poured champagne down my naked body and right into his mouth as he was licking my pussy. Now that was hot! We celebrated some more with ice cream.

I want to cook up some hot dishes for you. Then you can fuck me all night long. Pick up the phone and tell me what you want on the menu.

I have these pink (my favorite color, if you can't tell) furry handcuffs that I like to use on my sex partners. I'll cuff him to the bed and start by kissing him all over. Then it's cock time and I'll suck him until he cums. No one can resist my tongue. Can you?

Some thoughts on saving humanity

Rita

Left to her own devices, Lisa would rule the world and put women in charge of everything. There would be food for everyone and no more wars on earth. “If there is conflict, I would have the lady presidents of the warring countries on a huge bed with vibrators and whoever came first would be the winner.” A truly elegant solution, Rita. We think that’s called thinking out of the box!

Dr. Sabrina returns with some encouraging words Edward's constant state of horniness.

Dear Doctor,

I'm writing today because I have a problem that I cannot seem to escape. I'm sixty-two years old, in great health and lead an active life. I am a widower for eight years and have not yet found the next Mrs. I do have a few lovely ladies that I have sex with on occasion so I'm relatively happy that way. My problem is that, in between my sexual episodes, I masturbate every day. And I do mean every day, and sometimes more than once.

I am a businessman and a 9-5 working day is no diversion. I will jack-off in my office, in the bathroom, and one time I got the urge so bad, I locked the cafeteria door and found a corner to do my thing. I always clean up and dispose of the result. A couple times I was almost caught and that was scary. I cannot afford to lose my job, but when the feeling hits, I cannot concentrate on anything else. I do not think sexy thoughts, look at porn or touch myself, but out of nowhere I get an erection that will not go away until it's relieved. One day, I tried ignoring it and sat in my office with a hard on for two hours. I had to go to a meeting and make a presentation standing up and did not want it to show, so just before the meeting, I jerked off and the presentation went off without a hitch.

I was never a big masturbator throughout my life. I assume I was pretty normal, doing it once or twice a week, even during my marriage. But these last couple years, my cock seems to have developed a mind of it's own and I am a slave to it. I have spoken to my doctor about it and we went back and checked the medication I've been taking and he says none of the drugs should cause this type of reaction. I had my testosterone level checked and while it's a bit above normal, it's not causing this.

Dr. Sabrina has some wise words for our readers. She tries to make sense of love, sex and what women want from their men.
If you have questions about the opposite sex, then Dr. Sabrina has the answer.
Read on!

My sex life is relatively normal. We do all the normal stuff, in normal positions, for a normal length of time, and it is normally satisfying, normally for both of us. Sometimes however, after the lady leaves I immediately have to masturbate myself again within an hour. I'm at a loss as to what to do. I hope you have some advice for me.

Edward, Phoenix

Dear Edward,

I thought about your situation at great length and, you know, I decided that I did not really find anything wrong with it. We tell younger folks that masturbation is perfectly healthy and a normal part of life. That does not mean that when we get older it becomes less healthy or any less normal. When we say marriage or having a girlfriend will end masturbating, that is rarely ever the case. Men and women need relief when the urge hits, not when it's convenient to have a partner around.

I assume that since you've confronted the frequency issue, you are always prepared to catch your cum and properly dispose of it. I assume you use tissue or the like to put the cum into, but be sure that you also have plastic zipper bags to put that tissue in when there is no place or time to flush it. Since you are around it so much, you may not be aware of the smell of cum so be sure that the smell of your actions is also minimized. Wash your hands after completion. or have some hand sanitizer lotion around. or spare your comrades of your touch.

I do empathize with your job situation. You do have to be really careful that it doesn't interfere with your job. The thought of ridicule or losing it altogether doesn't seem to be enough to have you stop it during office hours, but you should find some way to control it a little better. If you live close to your office, consider going home, doing it there and then go back to work. Don't ever confess to a workmate that you do this, or bring anyone into it with you. That's a recipe for disaster.

Good luck – and just enjoy.

Sandy takes tennis lessons once a week at the club. Raoul teaches her and he cums once a week also. Her serve hasn't improved much but she sure knows how to score... point, game, set, match, fuck me again.

tennis camp

I'm the club photographer and I've been sitting at the club bar watching Sandy get tennis lessons from Raoul. They practice for about an hour. I followed them to a secluded spot on the veranda and found them kissing. I hid in the bushes and took out my camera. Here's what I got.

Sandy saw me shooting and gave me a wink as she went down on Raoul. She had no problem swallowing his huge cock. I think they had practiced this before. He undoes her clothes, pulls down her skirt and starts licking her. Her pussy gleams from the wetness. After a few minutes all their clothes are off and they go at it. He sucks on her boobs, she sucks on his balls, and I suck on my handkercheif.

They are now on the ground sucking and fucking. I sneak in a little closer to get a tight shot of the action. She's on top sucking his dick and Raoul is on his back licking her pussy. They change positions and are now fuckng with the intensity of the final match point set at Wimbledon.

Sandy's hot and she's waiting for you. She wants to know if you can go balls deep in her. All you eighteen and older tennis players – it's now your time to call.

Letters From Our Readers

Comments on the magazine, the sexy ladies, and their thoughts on sex.

Dear Editors,

I have to write to tell you what a great cover shot for your last issue of Nasty Housewives. Those two ladies are just HOT. But I'm a little disappointed that I cannot find or even see stuff like that walking around my neighborhood. Where are they hiding?

The brunette is my fave but the little blondie is super cute too. They make a nice pairing and I would fuck either one at the drop of a hat. Or at least if they would let me watch, that would be fine too. What would be even better is if I could watch, give them directions and then join in at the end after I was done stroking myself and getting ready to join them. Do you think ladies like that would let me watch or even join in?

I would start them out slowly, undressing each other from behind with the one being undressed facing me. After they were down to their lingerie, I would tell them to keep it on for a while and just pull out the boobs and nipples so they could be kissed. When they got to the bed, I would pull up my chair to the foot of it, put my legs up and tell the to start kissing each other kneeling and then turn to face me and the one behind would caress the other's body so I could watch their expressions.

Then I would make them 69 each other right in front of me starting with the blonde on top and then turn them over ending with the hot brunette on top. I would join them after about twenty minutes and let them lick and suck my dick. Ultimately I would cum on both of them and then they would buy me dinner.

Lester, Trenton, NJ

Dear Lester, while we appreciate your interest in Jen and Kia, the two cover models, we think your involvement in their sex life is highly unlikely. Not because they don't like men, it's because they don't like taking directions. – Ed.

WHERE DOES IT HURT?

I was playing touch football last month and took a hard fall after this big bruiser thought we were playing tackle. He landed on top of me and man did it hurt, Two days after the game and no relief from the pain I went to my doctor. After giving me a prescription for a pain reducer, he told me to get an ultrasound the next morning to see if there were any internal injuries. I arrived at 10:00 am, my scheduled time, and was immediately ushered into a small sterile waiting room with a examination bed, some funny looking medical instruments, and drawings of human body parts on the wall.

After a few minutes, the nurse showed up, took my blood pressure, asked some silly questions that had nothing to do with my injury and told me to take off my shirt and pants and out on the smock, backwards. I obeyed after she left and sat on the bed awaiting the next intruder. What seemed to be an eternity later, a gorgeous black-haired woman walks in and asks if I and Barry. I said yes and she asked me where it hurts. I stammered to get words out of my mouth as I was checking her out with her bleached while lab coat and perfectly manicured fingers. She scribbled down what I mumbled about my groin hurting from the tackle and smiled as I told the story. I kinda laughed too and felt a little better.

She turned around and shut the door of the little room. At the wall switch she turned off the ceiling lights and turned on the ultrasound machine. Now the only light in the room was from that machine and the weird reflection off her white lab coat. She asked me to lift up my smock as she prepped the gel. She saw I still had my boxers on and asked me to pull them down a little so they would not get gel on them.

She flipped a few switches on the machine, sat down next to me, held up a bottle of cream squirted a line of cream down my belly. She put the wand into the gel on my belly and began moving it around. She moved it around, pushing and prodding, then took a picture of the spot she stopped at. She had to lean over me to do her thing, her lab coat opened and I could see some monstrous cleavage under it. Her elbow kept brushing my boxers and I stared to feel my cock growing. I coughed to make her get off for a moment, adjusted myself and settled back down. That didn't help and the damn thing kept growing. She did not yet seem to notice and continued with the wand and taking her pictures. Then she grabbed my boxer waistband and pulled them down a bit and as she did, her hand bumped the head of my now-hard cock. I lifted my legs at the knee and she said don't worry and moved her wand higher up my stomach. In the dark, I blushed, adjusted my boxers again, but she just kept on with her work.

She asked then asked me to raise both of my arms, which I did, and she moved the wand higher up onto my chest. Her lab coat and her breasts pushed into my gelled belly. She slid the wand down the middle of my chest back down to my boxer top. The machine was making all kinds of weird beeps and she reached over to turn some knobs. My hard-on was now ready to pop through the slit in my boxers. I couldn't even think of anything to reduce it's swelling.

She stopped at the boxer top and noticed she had the gel on the coat. She went over to the sink, took it off and tried to spot out the blue gel. By now my eyes had adjusted more to the low light and I could make out her voluptuous form a few feet away on the other side of the room. She came back and as she started again, noticed the gel had gone through to her blouse. Again, back to the sink, took her blouse off and rinsed it, too. I could see her huge breasts were nearly bursting out of her bra. Now dressed in only her bra and skirt, she starts to apologize as she gets back to wanding me.

She said that she didn't find any problems with my belly and said she would have to do a more through pelvic exploration to see if the pain was there. I watched her heavy breasts swaying against her bra as my dick was pounding against my boxers. I knew I was about to be very embarrassed. As she sat down next to me I closed my eyes when she grabbed my waistband and pulled my boxers down, lifting them over my rock hard penis.

Then, I couldn't believe it, she pulled my boxers down to my ankles and grabbed my cock! She said something I did not quite hear and pulled my up cock so she could add some gel. However, I noticed this gel was not the ultrasound gel, and she rubbed it on my cock, not my groin. She moved her hand up and down my cock, massaging in the warm gel and making me moan and groan. She stopped for a moment and I waited, my eyes closed, and then I felt her soft lips engulf my penis.

Her hand reached up and slid through the blue lube on my abdomen, rippling over my stomach as she moved her mouth up and down my cock. She slid her hand up to my chest then back down to weak my nipples. I arched my back, digging into the examination table. She reached back and undid her bra and leaned over the table and laid her breasts on either side of my cock as she sucked me ever so lusciously. My cum spurt was building up inside my cock and she felt it. Suddenly, she grabbed my balls and pulled hard on them. I squealed and she told me to slow it down.

She turned her ass to me and asked if I would help her with the zipper on her skirt, which I immediately obliged. She grabbed the waistband and wriggled out of her skirt and pulled her panties down a second later. As she bent over to pick them up, I thrust my face between her ass cheeks, and my tongue sent her flying. Her juices ran down her pussy as I stroked her hardening clit. She began to shudder with an orgasm building up in her. I sucked until her ass began to rotate and her moans turned into words. Asking if I wanted to fuck her, I nodded and pulled her hips onto the exam table. Then she pushed her pussy straight onto my cock. She fell forward on the table, rubbing her nipples and fingering her clit as my cock moved with more and more force inside her. She reached back between my legs, grabbed my balls and pulled me into her. As I came, she pulled herself off and my cum mixed in with the gel on my belly.

Wiping the tip of my cock, she put me back into her pussy, grabbed the ultrasound wand and put it to her pubes. She pushed a button and took a picture. She got off me, grabbed the printout that just came out of the machine and put it in my medical folder. She told me to get dressed and asked if I need my parking validated. I said no, got dressed and left feeling a whole lot better. No more pain!

Stranded on a deserted island with nothing.

Thankfully the important stuff was rescued from the waves. There's a fishnet to catch fish. A bench to use for a table. Toiletries of rose water and perfumes. And most important of all, their lipstick, lingerie and dildos. Now our two island-bound lassies can survive but how long will it take for them to be rescued? What will they do in the meantime? How will they pass the time? What will they have to eat? What will they do without their usual manies and pedies. Let's turn the pages and see...

Yo, ladies, there's a big ship on the horizon.

Look up. There's a big ship with smoke bellowing out of the smokestack. Get up and signal them. Use your bras, your panties, your stockings, your make-up mirrors. Use anything you can to signal the big ship before it steams away forever, buy we don't see the ladies stirring. Maybe they don't want to be rescued. Maybe they want to stay on the island. Maybe they like the constant sunshine and blue ocean. Maybe this is the paradise they have fallen into. Maybe they have a better rescue plan. Maybe they know something we don't.
